**RE: Approval of Closure Description Document for Partial Closure of RCRA Tank Storage Unit 887.2 at Building 881 at the Rocky Flats Environmental Technology Site (RFETS);**

Dear Mr. Nesta and Mr. Legare:

The Colorado Department of Public Health and Environment, Hazardous Materials and Waste Management Division (the "Division") has received your notice of intent to partially close RCRA Tank Storage Unit 887.2 and has reviewed the *Closure Description Document (CDD) for Partial RCRA Closure of Permitted Tank Storage Unit 887.2 in Building 881*. The CDD for RCRA Unit 887.2 was received by the Division on October 11, 2000. A revised version of this CDD was received on or about January 4, 2001. This CDD applies to sinks, drains and vent lines in Building 881, rooms 254, 255, 272, and 276 that are part of RCRA Unit 887.2. In accordance with Permit Condition X.B.3 of the RFETS RCRA Permit No. CO-97-05-30-01, the Division hereby approves this CDD for RCRA Unit 887.2. However, because the CDD also describes non-RCRA decommissioning work (i.e., removal of workbenches and associated utilities) regulated under the Rocky Flats Cleanup Agreement (RFCA), these activities must be coordinated with David Kruchek according to the consultative process described in the Decommissioning Program Plan (DPP). In accordance with 6 CCR 1007-3, Section 264.113(b) and Permit Condition X.B.4.b, RFETS must complete the required closure activities identified in the approved CDD for Unit 887.2 within 180 days after the approval date of February 9, 2001. If you have any questions concerning these matters, please contact James Hindman of my staff at (303) 692-3345.

Sincerely,

Joe Schieffelin, Unit Leader  
Hazardous Waste Compliance Unit
